

MISSION

By acknowledging the human being as the spreader, center and purpose of life, we propose the following mission:

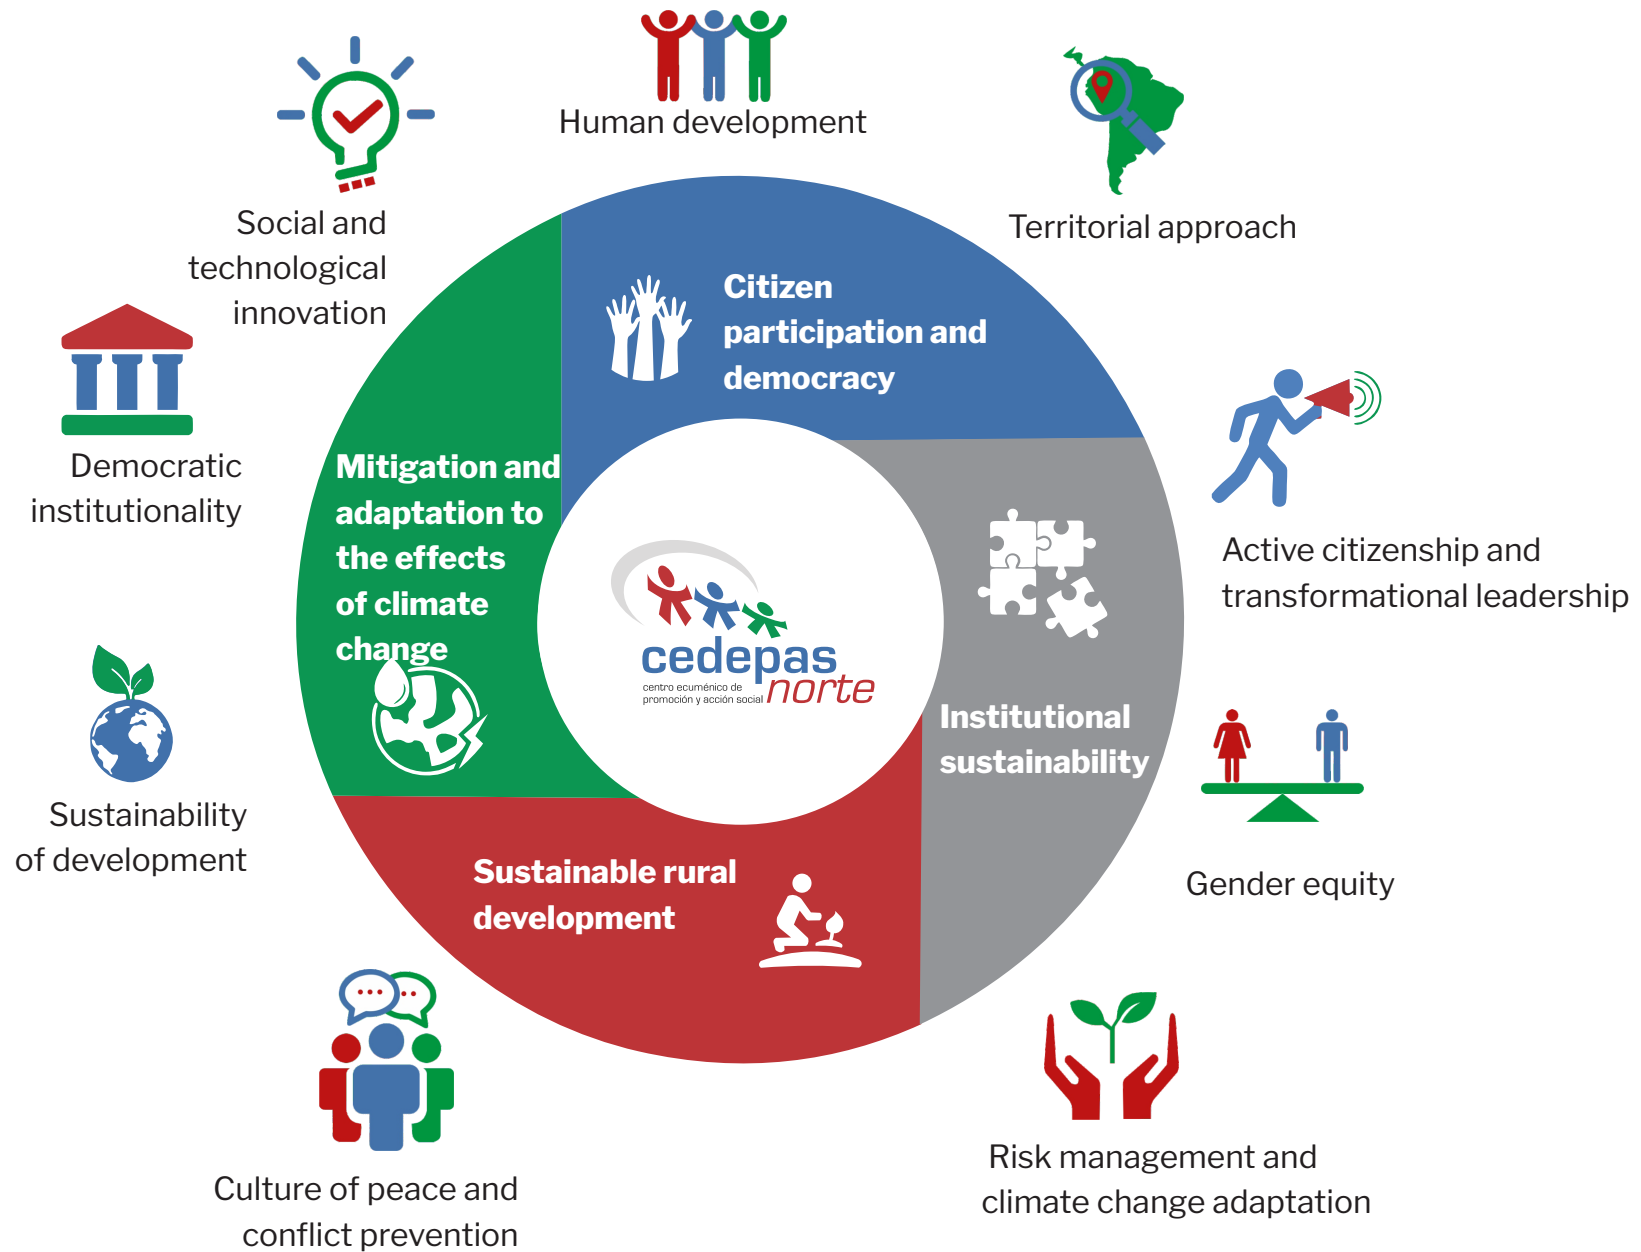

“To foster human development, improving the social, environmental, economic and political conditions of vulnerable populations in the territories of intervention; enhancing the capacities of women and men, for the effective exercise of their rights and gender equality”.

VISION

“CEDEPAS Norte is largely acknowledged and publicly recognized for the high quality of its services and the professional level of its collaborators. It is a strategic partner at regional and national level, with the capacity to establish synergies between public, private and civil society sectors; increasing efficiency in the generation of local changes and the creation of social value”.

OUR WORK APPROACHES AND PROGRAMS

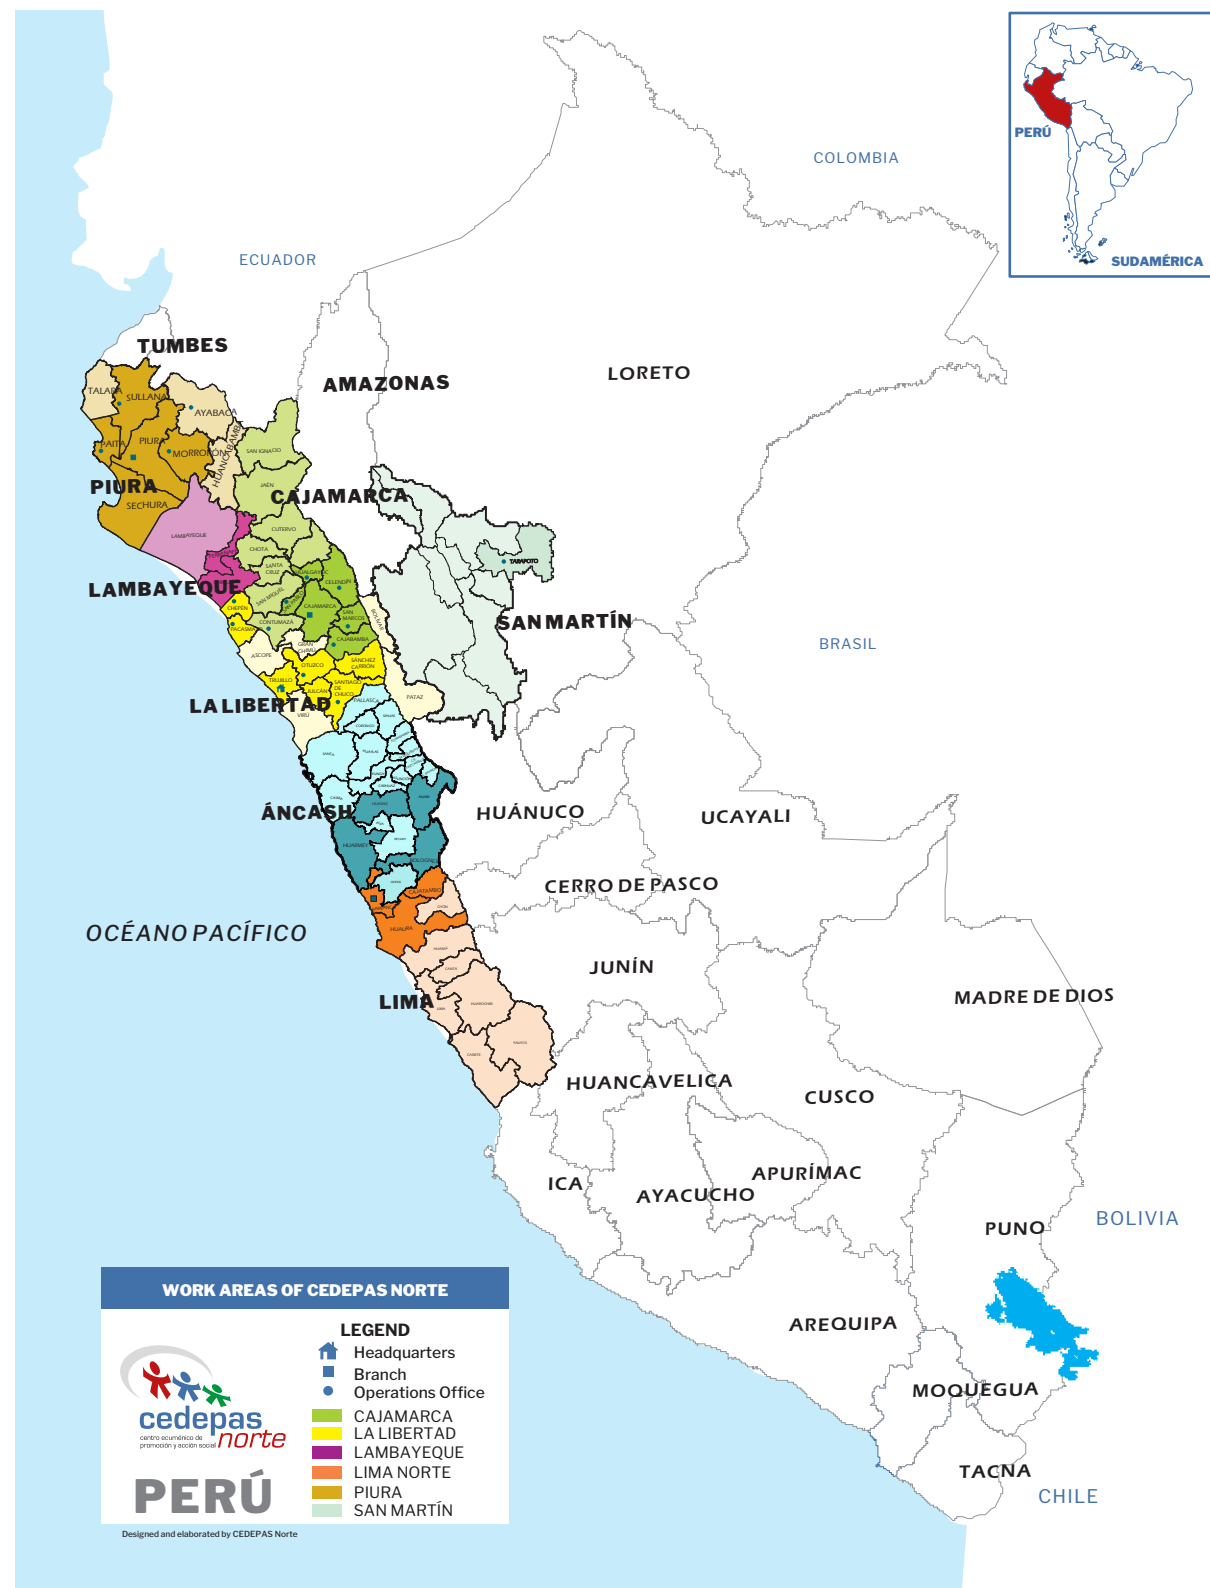

AREAS OF INTERVENTION

The scope of our work is focused in 28 provinces distributed across 7 regions of Peru.

+ 10 475 people
(4151 women and 6324 men).

+ 500 organizaciones
beneficiarias

CITIZEN INVOLVEMENT AND DEMOCRACY

20 citizenship rights workshops, with more than 1,500 people, where representatives of organizations developed initiatives with their bases and got involved in community forums.

2816 women and 3634 men, of whom 2058 are young people, had been trained in conceptualization, planning and citizen monitoring; that is, in the use of transparency portals, report elaboration; this training also included local development, communal leadership, and conflict resolution, among other skills.

205 women and 127 men carry out advocacy actions for the approval of proposals that contribute to the reduction of socioeconomic gaps.

● MITIGATION AND ADAPTATION TO THE EFFECTS OF CLIMATE CHANGE

521 women and 1,800 men producers have implemented mechanisms for adaptation and risk management for climate change.

17 associations of small producers have incorporated circular economy mechanisms into their production processes.

More than 400 hectares of cultivated forests and agroforestry systems.

SUSTAINABLE RURAL DEVELOPMENT

4460 (1674 women and 2886 men) trained have upgraded their various value chains and increased their incomes.

679 production units have received technical advice and support from CEDEPAS Norte.

We have assisted more than 30 organizations in obtaining quality certification for more than 100 products in various value chains, enabling them to access more advantageous markets.

The purpose of this program is to raise the level of technological, productive, entrepreneurial and commercial innovation of productive units in the agricultural, livestock and rural agro industrial sectors, to contribute to the generation of quality jobs and sustainable income.
